DESIGN SELECTION

SIMPLEX: one pump system to serve one boiler.

DUPLEX: two pump system to serve one boiler (with one stand-by pump); or two boilers (with one pump per boiler). If system is to serve two boilers: select pumps for individual boiler size, and select tank and make-up valve for total boiler load.

TRIPLEX: three pump system to serve two boilers (with one stand-by pump); or three boilers (with one pump per boiler). Select pumps for individual boiler size, and select tank and make-up valve for total boiler load.

HOW TO ORDER

QTY. 1 -Model BF-4 Lockwood duplex system: 320CS7M 460/3/60 ODP, with _____
 MODEL NO. _____
 SPECIFY simplex/duplex/triplex/etc. _____
 PUMP MODEL NO. _____
 VOLTAGE AND PHASE _____
 MOTOR ENCLOSURE _____
 OPTIONS/ACCESSORIES _____
